Handex/TubeFill/FlowFill

Manual dispenser of wrapping/void fill paper

Handex

Simple and highly efficient packaging, for start-up companies or for low-volume void fill /wrap users, with easy integration into any packing environment.

The operation is simple, cost-saving, and compact in size, which saves space significantly.

TubeFill

FlowFill

Additionally, the paper is very suitable for consumers with sustainable and eco-friendly values, as it is certified by FSC® (Forest Stewardship Council), and is recyclable, biodegradable, and can be regenerated.
